

Lucas Suota

FRONTEND DEVELOPER

Over a year of experience of web development. I develop interactive, responsive and robust applications. Today I am working with React, NextJs, Typescript and JavaScript.

GOAL

Work as a Frontend Developer

PROFESSIONAL EXPERIENCE

FRONTEND DEVELOPER & UX/UI DESIGNER - PROQUALITY ENGENHARIA

December 2023 - March 2024

[PROQUALITY Engineering](#)

I designed and developed the company's presentation website. I went to meetings to understand the objective, the focus and also to demonstrate my ideas and progress of the project. I used agile methodologies, as well as high-performance technologies.

FRONTEND DEVELOPER - FREELANCER

December 2023 - Now

[STRONG MUSCLE GYM](#)

I developed and designed the company's presentation website, from design to production. The website is a presentation of the Strong Muscle Gym, and the main focus is to attract new customers and demonstrate about it.

EDUCATION

ANALISYS AND SYSTEM'S DEVELOPMENT

Positive University

January 2022 - July 2024
